

Estudio Uno

Your music, our life

Big recording studios tradition meets modernity at Estudio Uno. We try to satisfy demands and needs of music professionals with the qualified facilities, equipment and staff to develop any kind of production.

We add a new space to our studios A, B & C: the R room. A new area with amazing acoustics and conditions for several purposes.

And we complete our wide available equipment with an outstanding acquisition: the magnificent Steinway & Sons Grand Piano D274
